Sugar Bill Passes, More Fla. Acreage

Formal announcement of U. S. sugar quotas—including \$95,000 tons of mainland sugar, 450,000 tons of which are for Florida—was given Monday by the U. S. Department of Agriculture.

The revised 1962 sugar marketing quotas are under last week's legislative act which gives domestic producers an increase of about 10 percent over previously announced allotments.

Florida's 450,000 tons of the mainland cane constitute about 20 percent of the 35 percent quota hike.

Last week's bill also provides for an annual increase of about 25,000 tons to the basic quota.

The revised quotas give domestic areas a total of 5.8 million tons as compared with 5.1 million under the law that expired June 30.

The House of Representatives Monday completed passage of an amendment to the sugar legislation to allow President Kennedy to increase foreign sugar quotas.

The new legislation was sponsored by the administration and is intended to still cuteries raised following passage last week of the main bill, which gave foreign sugar producers a smaller share of the American sugar market.

He commented briefly on the official report of the Grand Jury and particularly called attention to the recommendation by the Grand Jury that a citizen's group be formed which would take an active interest in County law enforcement, and use its influence to see that laws were fully enforced and that the efforts of the various law enforcement agencies are properly coordinated.

He also called attention to the unfavorable publicity which Palm Beach County has recently received and expressed his belief that events could be prevented if private individuals would take sufficient interest in their County government.

James H. Wilkinson, general chairman of the Fourth of July barbecue, reported that \$755.02 was taken in, expenses were \$411.09, leaving a profit of \$343.93. \$100.00 of this amount was pledged to the Chamber of Commerce fireworks fund. Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission learned this week that money from a \$15 million bond issue will be available in December for financing a county-wide road improvement program.

The program calls for new road construction in each of the county's five commission districts and all projects listed by the board have been approved by the State Road Department.

County Attorney Harry Johnston told the board Monday that state officials are now working on final details of the issue and expect to have the bonds validated and sold and the money at hand sometime in December.

In other matters this week the commission:

Requested that all firemen at the airport be deputized to help carry out law enforcement on the base in addition to other duties.

Voted to waive the down fees at International Airport for members of the Florida Aero Club which is

holding its annual convention in West Palm Beach.

Set Friday as the last day when the commission shall sit as a board of equalization to hear assessment complaints.

Received a \$1,000 check from Thrift, Inc., to be spent for the Negro Children's Home.

Waived rental of a swimming pool at International Airport in return for \$500 worth of improvement to be made by the West Palm Beach Jaycees, who operate the pool under a lease agreement with the county.

Voted to let the local Air Force Reserve Rescue Squadron borrow county fire fighting and crash and rescue equipment for use in training members of the squadron in this type of work.

Voted to proceed with a lease between the county and the Town of Jupiter for use of the old Welcome Station at Jupiter. The county is planning a new Welcome Station at the north county line on U. S. Highway 1.

*"Today we need a nation of Minute Men
citizens who regard the preservation of freedom
as a basic purpose of their daily life"*

—JOHN FITZGERALD KENNEDY

10 days after his inauguration
as the 35th President of the
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unremitting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

Our 19th National Farm Safety Week will be starting Sunday, July 22 and will continue through the following Sunday, July 28.

As I've mentioned before, safety is not a one-time thing. It's an everyday, week-in-and-week-out proposition. You can't let down for a moment because the few seconds or less it takes for an accident to occur can catch you just at the time you let down your guard.

National Safety Council advises that this year's theme will be "Family Safety—At Work and Play." Because two Saturdays are covered in the observance period, special emphasis on safety is expected to be given by the clergy to rural churches. The reason: Safety is a moral problem.

On many occasions accidents result from improper attitudes toward the safety of others. Such laxity can be corrected in part by stressing the moral responsibility each individual has to avoid endangering the lives and property of others.

Our national accident statistics are frightening. Let me mention just a few as reported by the National Safety Council. Accidents are the leading killers of young people of all ages up to 36, and rank fourth in total deaths. In the decade 1950-60 nearly a million persons died in accidents, 95 million suffered disabling injuries and 3½ million were permanently handicapped. The cost: 100 Billion dollars.

In rural areas more than 11,000 people die each year in farm, home and highway accidents. An addi-

tional 950,000 sustain significant injuries and many are permanently crippled. Farm work accidents rank first in total occupational deaths and third in rate on a worker basis.

Education is one of the most effective means of promoting safety and reducing accidents. In this respect, I'd like to mention the statewide campaign started in Florida earlier this year to promote safety in the use of deadly pesticides—those containing chemicals that are highly toxic to humans.

After several tragic deaths in our state last year were traced to careless handling or improper disposition of containers used for such deadly pesticides, two important steps were taken to prevent a recurrence:

First, the National Agricultural Chemical Association instituted a statewide educational program in Florida on the safe use of pesticides. They prepared special literature, posters and signs for this purpose. The campaign attracted widespread support from local county and state agencies, from all public information media and from various segments of the pesticide industry in Florida.

Second, our Department of Agriculture has issued new regulations governing label information on deadly pesticides, including specifications for safe disposal of containers. These became effective July 1.

The chemical industry's campaign in Florida is the first of its kind in the nation—a sort of "pilot" program. It has attracted nationwide attention and may be copied in other states.

I had the pleasure recently of presenting to President Kennedy, in company with officials and industry representatives of several other states, a plea for his personal intervention to forestall increased

Common Market tariffs on U. S. poultry.

More than 80 percent of all broilers shipped into Europe's Common Market countries are produced in 17 southern states. Tariff increases that would reduce our expanding exports of poultry would affect adversely not only our producers, but also their suppliers, processors, handlers and shippers.

I was happy to note the President was fully aware of the importance of our problem and pledged his best efforts to obtain favorable consideration for U. S. poultry imports into Europe.

However, the whole subject of tariff negotiations between the U. S. and the Common Market is extremely complicated and one that will involve some hard-fisted horse trading to get the best deal.

The Common Market negotiators naturally will be seeking to protect their own interests, industrial and agricultural. We'll be doing the same. To keep a close watch on developments and trends in Europe, the U. S. Department of Agriculture is reported to be setting up a new agricultural attaché's post at the Common Market headquarters.

Mrs. R. J. Maxson left via plane from West Palm Beach Monday to visit her son and family, who are stationed in the U. S. Army post near Phoenix, Arizona.

Mr. and Mrs. Donald Kepp of Canal Point left Monday for a month's vacation to be spent at Naples. They went via Wauchula and were joined by Mrs. Letha Kepp who will be their guest while in Naples.

Mr. and Mrs. G. T. Echols and Terry and their house guests, Mrs. E. E. Stanley and girls of New Iberia, Louisiana, were the guests of relatives in Ft. Myers and Naples Sunday.

Miss Johnson Sets Her Wedding Date

July 28th is the date selected by Miss Susan Griscorn Johnson for her marriage to Thomas Jackson Morrison, Jr. of Pensacola. Miss Johnson is the daughter of Mrs. Clement Griscorn Johnson and the late C. G. Johnson.

The ceremony will be Saturday at 7:30 p. m. at the First Methodist Church of Pahokee with Rev. Robert A. Shelley officiating. Nuptial music will be furnished by Mrs. S. M. Pitts, Jr., organist, of Belle Glade and Jack Phillips, vocalist, of Fairfax, S. C., uncle of the bride.

Miss Johnson has chosen as her attendants, Miss Alice Joyce Spencer, maid of honor; Mrs. R. A. Barnett of Sanford, brides matron, and Miss Helen Forrest of Naples, bridesmaid.

Robert Charles Reynolds of Auburn, Ala. is to be best man, and the ushers will include Jack Duncan Moore and John Edwin Holberry, Jr. of Pensacola.

The reception will follow the ceremony at the home of the bride's maternal grandparents, Dr. and Mrs. L. W. Armstrong, 756 Bacom Point Road. No formal invitations are being sent locally; all friends are invited to the wedding and reception.

District Governor Visits Local Club

John E. Johns, district governor of District 698 of Rotary International, was guest speaker at the luncheon meeting of the Pahokee Rotary Club, last Thursday. Making his official visit here, Mr. Johns spoke on the policies and future plans of Rotary International.

Dr. E. C. Johnson, president, was in charge during the business session.

Guests were Tom Parker, N. T. Taylor, Dr. Howard Hill and Louis Kirchman, all of Belle Glade; Joe Erby Thompson and Buddy Lampl.

Mrs. Johns, wife of the district governor, was entertained at luncheon at the 441 Restaurant by several of the Rotarian's wives

during the noon hour, Thursday.

In the evening, officers and committee chairman of the Rotary Club and their wives held a dinner honoring District Governor John E. Johns and Mrs. Johns. Following the dinner, while officers of the Club met with Mr. Johns, Mrs. E. C. Johnson entertained at her home for Mrs. Johns and wives of the Rotarians.

It was announced that the speaker for next Thursday will be Rev. W. T. Roberts, exchange pastor of the Pahokee Methodist Church.

VA Home Loans Are Extended, Revised

The laws governing VA Home Loans has been extended and revised, under the provisions of P. L. 87-84, as follows.

Future entitlement for veterans of W. W. 11, and the Korean conflict will be based on ten years from date of discharge, or release from their last period of active service, any part of which occurred during either war, plus an additional period by the veteran during W. W. 11, or Korean conflict. Except that entitlement shall not continue in any case after July 25th, 1967 for W. W. 11 Veterans, or after Jan. 31, 1975 for Korean Veterans.

In order for a veteran of either war to determine his eligibility for a home loan guaranty, he should figure ten years from the date of his discharge or release, and add one year, for each three months active duty during a war period.

Peace time veterans, and Veterans of W. W. 11, are not entitled under the present laws.

The length of time that is required for a veteran to obtain a direct VA home loan, depends entirely on the amount of money repaid to the U. S. Treasury during each quarter of the calendar year. When a veteran makes application to the VA his name is placed on a waiting list, and when his name is reached, he is then notified by the VA that they are then ready to process his loan application.

Picture of a Promise

*Sure, she's a grand old flag!
That's why we salute her.
That's why we pledge allegiance to her.*

*That pledge, in its simplest terms,
is another way of saying, "Count me
in. You're my country and I love you
and need you. Your problems are
my problems, and I'm with you
all the way."*

*Your country's biggest single
problem is the perpetual responsibility
for keeping the peace its people
want. You can help with this
problem by remembering this:*

*Peace costs money. Money for
military and industrial strength.
Money for science and education.
And money saved by individuals—
by you—to help keep the economy
strong. Bonds provide this money.*

Christian Science Group Of Canal Point

The eternal nature of true beauty and goodness will be emphasized Sunday at Christian Science church services.

Opening selections from the Bible in the Lesson-Sermon on "Life" will include these verses from Psalm 36: "How excellent is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings. They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of thy pleasures. For with thee is the fountain of life: in thy light shall we see light."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (p. 246): "Life is eternal. We should find this out, and begin the demonstration thereof. Life and goodness are immortal. Let us then shape our views of existence into loveliness, freshness, and continuity, rather than into age and blight."

Lydie Sue Brooks Wed Jerry Rutherford

Miss Lydie Sue Brooks, daughter of Mr. and Mrs. John Edward Brooks of Pahokee, became the bride of Jerry Rutherford, son of the late James C. Rutherford of Okeechobee, on Friday evening, July 6, at the Nazarene Church. The pastor, Rev. Max Jones, performed the candlelight ceremony before an altar decorated with white summer flowers and lace fern.

Nuptial music was furnished by Miss Myra Jones, organist; Miss Amanda Pitts, soloist, who sang "Because" accompanied by Miss Carolyn Jones, and the Jones trio composed of the Misses Maxine Jones, Carolyn Jones and Grace Jones, sang "The Lord's Prayer."

The bride given in marriage by her father, was lovely in a ballarina length gown of chiffon lace, with fitted bodice featuring a square neckline edged in sequins. The full skirt was lace over tiers of net ruffles. Her shoulder length veil was of silk illusion and she carried a white Bible topped with a cascade of rosebuds and white satin streamers.

Miss Doris Wagnon, maid of honor, wore yellow chiffon with fitted bodice and neckline edged with rosebuds. Her full tiered skirt featured an overskirt of chiffon which was caught up with tiny rosebuds to form graceful scallops.

Little Miss Joyce Carpenter of Memphis, Tenn., cousin of the bride, was flower girl and wore white chiffon over pink satin. She carried a basket filled with rose petals.

Billy Ray Mosley was the best man and the ushers were K. E. Wagnon and Bill Flowers.

Assisting at the reception, held at the parsonage immediately following the ceremony, were Mrs. Billy Ray Mosley and Mrs. Hugo Rainert.

The bride received her education at Pahokee High School, and the groom graduated from Pahokee High School in 1955. He served for four years in the U. S. Air Force, including one year of duty in Greenland.

Following a honeymoon in Orlando, the young couple are making their home in Pahokee where he is employed as bookkeeper by a local firm.

Red Cross Plans—

(Continued From Page 1)

phasis at the meeting here will be given to the Chapter's plans and the community facilities for mass shelter, feeding, clothing, medical and nursing assistance, volunteer enlistment and training, emergency communications and transportation, and other needs for which the chapter has special responsibility and must cope with in event of a storm's strike.

Coordination of Red Cross activities with those of governmental, Civil Defense, and other agencies also acting in such an emergency will be reviewed.

Also to be discussed, Mr. Hollenbeck said, will be the personnel and material support which will be given by the Red Cross national organization.

Southeastern Area Headquarters, he said, sends experienced disaster personnel to threatened coastal areas ahead of a hurricane to help local chapters when major storms threaten or strike. They also will help to bring in needed extra supplies such as "cots" and blankets, medicines and food.

"National disaster staff" he said, "will remain in a stricken community to help with a family assistance program, sometimes requiring weeks or months, when storm victim's needs beyond the immediate emergency are considered on an individual basis and they are provided with the funds they need to restore homes and possessions, extended medical care, and other essentials to recovery."

Mr. and Mrs. H. H. Hendrix and family were called to Carthage, Miss., by the death of his father, C. C. Hendrix, who passed away, last Thursday.

Stick To Plat Law County Board Says

The county commission this week refused to grant requests of two subdividers who had asked that county plat laws be circumvented in the developers favor.

In one matter concerning development of Polo Club Estates, the commission refused to eliminate a bridge project over lateral canal 6 which the developer had originally said he would build at his own expense. M. J. Zimistowski, the original developer, appeared before the board to ask that he not be made to construct the bridge. The commission declined his request and further moved that the bonding company be called in to complete the subdivision according to the original plans.

In another action, the board declined to approve additions to Old Port Village subdivision on Singer Island and Meadow Brook subdivision, since in both cases, the original plats have not yet been completed according to original plans and bonding agreements.
